

# Research Paper Publication Services

**ThinkNew | Innovate, Protect & Grow**

## About Research Paper Publication

Research Paper Publication is the process of publishing original research in recognized academic journals after editorial and peer review. It helps researchers disseminate their findings, gain academic recognition, improve research impact, and contribute to scientific advancement.

At **ThinkNew**, we provide **end-to-end writing, editing, journal selection, submission, and publication support** for researchers, academicians, students, doctors, IT professionals, startups, and industry experts.

---

## Reviewer Comment Support

Assistance in preparing responses to reviewer comments and manuscript revisions.

---

# International Journal Categories

## Scopus Indexed Journals

Scopus is one of the world's largest abstract and citation databases managed by Elsevier. Journals are categorized into quartiles based on their impact within their subject area.

### Q1 Journals

- Top 25% journals in a subject category.
- Highest impact and reputation.
- Highly competitive acceptance.

**Best For:** Research scholars, faculty, funded projects, international collaborations.

---

### Q2 Journals

- Ranked between the top 25–50%.
- Strong international visibility.
- Good publication quality.

**Best For:** Faculty members, PhD scholars, researchers.

---

### Q3 Journals

- Ranked between the top 50–75%.
- Moderate impact.
- Suitable for quality research publications.

**Best For:** Young researchers and postgraduate scholars.

---

### Q4 Journals

- Ranked between the top 75–100%.
- Easier acceptance compared with Q1–Q3.
- Good option for first-time authors.

**Best For:** Students, beginners, early-career researchers.

---

## Other Journal Categories

### **SCI (Science Citation Index)**

Highly reputed journals indexed in Web of Science.

### **SCIE (Science Citation Index Expanded)**

International journals covering engineering, science, and technology.

### **ESCI (Emerging Sources Citation Index)**

Emerging quality journals indexed by Web of Science.

### **UGC CARE (where applicable)**

Recognized journals for academic publication requirements.

### **Peer-Reviewed International Journals**

Journals where manuscripts undergo expert review before publication.
